In 2001/2002 the boat was refurbished and former owner spent approx. \$50,000. The boat was maintained by Ed Huck Marina from 2003-2018. All new batteries, bilge pumps & floats, a new Xantrex inverter were installed in 2019 in addition to a complete servicing of the engines and new vinyl for all seats & cushions. All the furniture & linens are new 2018/2019. All dishes, decor and tools are included

This boat runs great but needs some cosmetic work. Some of the wood is weathered, minor exterior work is needed and some of the slider windows have been chipped or cracked. With a bit of work and some TLC this boat restored is worth well over \$120,000 and to buy it new it would be worth well over a Million dollars. Call today to setup an appointment 613-349-6440
