

A close-up photograph of a mechanical assembly, likely a solenoid or valve, with various electrical connections. A red arrow points from a text box to a specific wire connection point. A speech bubble points to a thin wire. The assembly is made of metal and has several bolts and nuts. Wires of different colors (red, blue, yellow) are visible.

Thes 2  
wires go  
to "1" on  
box.

This thin  
wire disappears in  
a cover ed harness.  
NO idea where it  
goes. ~12 ga.
