Lead Time	Please plan to have your boat in the yard for 3 weeks. The current scope of work is not expected to take a full 3 weeks, however, we do like to build that time into the schedule in anticipation of any possible delays and/or changes to the scope of work to be performed while the boat is in the yard.			0.00	0.00T
Estimate	Please note that this is an ESTIMATE and NOT A QUOTE or AN INVOICE. The estimate is for LABOR ONLY and DOES NOT INCLUDE THE COST OF PARTS.  Estimates are based on what we think the time should be to complete a job based on our initial consult with you and our experience with similar jobs in the past. Every boat is different and presents its own unique set of challenges - completion times may vary as a result. You will only be billed for time and materials used.  The Yard Manager will contact you if we anticipate exceeding the estimated time and request your approval to continue with the work.			0.00	0.00T
