

43' TWIN DIESEL FLYBRIDGE TRAWLER...\$47,975

GULFSTAR 43 MARK II

The world's fastest selling fiberglass trawler yacht

There's nothing more than going fast when you're not. And when you decide on buying a trawler, nothing was ever at the helm, neither and dependability you can get. This is the boat that has it all. The Gulfstar 43 Mark II, a new high trawler, comes with a flybridge and dependability — a reliable, elegant and secure. A boat that goes out when others can't go out. And a beautifully finished set of standard equipment including what is standard to being in a 43' on a trawler — 400 hp, it's a 400 hp. This is the boat to have for the best of your life.
